PRE-SELECTED TRAINING/TOPICS

- Thinking Like a CEO** (career development focus) – designed to teach professionals how to embrace a strategic mindset when evaluating and planning their own futures; to harness and direct their energies so that they are building big using small, yet effective steps
- Training the Trainer: Leading the Leadership Development Model** (leadership focus) – emphasizes leadership as the central spoke in the strategy wheel and outlines a leadership development model that draws connections between leadership, influence, innovation, and strategy within a learning culture
- Understanding Impact: True Measures of ROI** (performance focus) – teaches professionals the art and science of performance measurement and the development of scientific data models that inform the decision making process and communicate impact
- Systems Perspective: You Are What You Cannot See** (strategic vision focus) – equips professionals with the critical tools they need to capture broad-based implications and develop effective systems that tell the story behind organizational strategy

CUSTOMIZED TRAINING/TOPIC SUGGESTION (ADDITIONAL FEES APPLY FOR CUSTOMIZATION.)
